Why do you object to this material?

To what specifically in the material do you object? (i.e. pages numbers, examples)

What do you think might be the result of reading this material?

For what age group would you recommend this material?

What are the good qualities of this material?

Did you read the entire work? If not, what parts?

What would you like the library to do about this material?

Thank you for your time in answering these questions. This form will be b
